Eye Contact: Immediately rinse with water for several minutes. Remove contact lenses, if present and easy to do. Continue Rinsing. Get medical help.

Skin Contact: Wash with plenty of water. If irritation occurs: Get medical help. Take off contaminated clothing and wash it before reuse.

Ingestion: Wash out mouth with water. Do not induce vomiting. Never give anything by mouth to an unconscious person. If irritation persists; Get medical help.

---

---

Flammability of the Product Not combustible / flammable.

Extinguishing Media Small Fire: Use DRY chemical powder.  
Large Fire: Use water spray, fog, or alcohol resistant foam.

Protective Equipment for Firefighters Firefighters should wear full protective clothing including self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

---

---

Small Spill or Leak Dilute with water and mop up or absorb with an inert dry material and place in an appropriate waste disposal container. If necessary, use suitable protective equipment (Section 8). Finish cleaning by spreading water on the contaminated surface and dispose of according to local and regional authority requirements.

Large Spill or Leak Absorb with an inert material and put the spilled material in an appropriate waste disposal container. Use suitable protective equipment (Section 8). Avoid release into the environment.

Containment Methods Stop the flow of material if this is without risk. Prevent spilled material from entering sewage and drainage systems which lead to waterways. Contain and collect spillage with absorbent material, i.e. sand, earth, diatomaceous earth and place in a container for disposal according to local regulations. Contaminated absorbent material may pose the same hazard as the spilled product.

---

---

Protective Measures	Wear appropriate personal protective equipment. Do not get in eyes or on skin. Workers should wash hands and face before eating, drinking, or smoking. Keep in the original container and keep tightly closed when not in use.
---------------------	---

Conditions for Safe Storage	Store in accordance with local regulations. Store in original container. Keep container closed and tightly sealed until ready for use. Use appropriate containment to avoid environmental contamination. Empty containers retain product residue and can be hazardous.
-----------------------------	--

---

---

Engineering Controls	Use only with adequate ventilation. Use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure to airborne contaminants below any recommended or statutory limits.
----------------------	---

Reactivity	No specific test data for this product.
Chemical Stability	Material is stable under normal conditions.
Conditions to Avoid	None.
Incompatible Materials	None.
Hazardous Decomposition Products	Carbon monoxide.
Hazardous Polymerization	Hazardous polymerization will not occur.
